## Camp Sussex: Mission Statement

Fostering the good will of our children is what we strive to achieve at Camp Sussex. We have a long history of paving the way to bright and successful futures. Educational enrichment, which includes teenage workforce training, is a vital part of our program. These lessons are invaluable in a child's journey to become a responsible and caring adult in a multicultural environment.

Since 1923, Camp Sussex has transformed the lives of children by providing the opportunity for children of limited financial means to leave the city during the summer to experience a traditional summer camp environment. Located in the lush mountains of northwest New Jersey, Camp Sussex helps children gain interpersonal social skills such as tolerance, cooperation, and self-reliance as they explore their creativity in the camp's safe and nurturing environment. Camp Sussex's consistent commitment to creating an atmosphere of positive encouragement and personal attention has inspired a climate of loyalty among generations of Camp Sussex campers and staff, motivating those touched by the Camp to stay involved and give back to campers of the present day.

## 1 Witness

Each and every hand-signed collectible that carries a tamper-resistant hologram is witnessed by a Steiner Sports representative. Once the collectibles have been autographed, they are catalogued and inventoried.

## 3 Hologram

Each hand-signed collectible is examined for quality and signature condition. If the collectible meets the Steiner Sports standard of excellence, a tamper-resistant Steiner Sports hologram is affixed to the product.

## 2 Affidavit

A notarized affidavit is prepared and signed by the athlete and a Steiner Sports representative. The notarized affidavit records the date and location of the signing and also details the items that were signed by the specified athlete. This document is then secured within the Steiner Sports headquarters.

## 4 Certificate

Once the hand-signed collectibles have passed the steps listed above, a Steiner Sports Certificate of Authenticity is created for the collectible. The collectible is then sealed and stored within our headquarters and is not handled until it is delivered to the customer.
